Applications submitted no later than May 30, 2004, will be approved to begin July 1, 2004. Applications submitted after May 30, 2004, will be considered based on availability of funds. Funds for Title I, Title II, Title IV, Title V, and Title VI will be available until September 30, 2004. Payments will begin after final approval is obtained and the Cash Request Form has been received. (Exception: Approved Title I projects will receive an automatic first payment.)

General Project Information: This is the annual portion of the consolidated application for participation in federal programs prescribed under the Elementary and Secondary Education Act (ESEA), as amended by the "No Child Left Behind Act of 2001" (Public Law 107-110).

This application includes basic financial and program information and will be completed in its entirety ONLY by districts that receive and manage program funds (prime applicant districts) for any of the listed federal programs: Title I, Part A—Improving Basic Programs; Title II, Part A—Teacher and Principal Training and Recruiting Fund; Title II, Part D—Educational Technology; Title IV, Part A—Safe and Drug-Free Schools and Communities; Title V, Part A—Innovative Programs; Title VI, Part B, Subpart 1—Small Rural Schools; and Title VI, Part B, Subpart 2—Rural Low-Income Schools.

PRIME APPLICANT: The Consolidated Application requires a single legal entity prime applicant for the application. A "prime applicant" is the legal entity that files the application, receives and manages program funds, and ensures funds are audited in accordance with federal requirements.

The Prime Applicant District identified above is applying for the following program funds:

☐ Title I, Part A   ☐ Title II, Part A   ☐ Title II, Part D   ☐ Title IV, Part A

☐ Title V, Part A   ☐ Title VI, Part B, Subpart 1   ☐ Title VI, Part B, Subpart 2   ☐ Title VI, Part A, Subpart 2
                             (SRS)   (RLI)   (Transferability)

Signature Information: The Board of Trustees submitted a Common Assurances form to the Office of Public Instruction for the 2002-03 school year, and no circumstances affecting the validity of the assurances have changed since its submittal. Further, the Board of Trustees has certified that the Common Assurances for Federal Programs and Specific Program Assurances for those programs in which this district/agency participates are accepted as the basic conditions for local participation and assistance in the operation of the projects/programs listed above.

Project Number	Prime App LE	Prime App Name	Final Allocaton for this LE	Final Total Project Allocation

ESEA Title I, Part A—Directions for Selection of Eligible Attendance Areas (Schools) and Determination of Allocation for Each Area (School)

		Complete pages 4 and 5 for each legal entity district. For example, pages 4 and 5 for Havre Elementary District (LE 0427) and pages 4 and 7 for Havre High School District (LE 0428). A K-12 district such as Superior (LE 0579) would complete pages 4 and 7 for all schools.
1.	Determine if ranking is needed.	An LEA with an enrollment of less than 1,000 students or with only one school per grade span is not required to allocate funds to schools in rank order. No ranking requirements, determination of districtwide average or determination of per pupil expenditure is necessary. These LEAs may fund schools according to the size and scope of the program. However, separate budgets for each school in these districts <u>must</u> be maintained internally by the district. All other LEAs with enrollment of 1,000 students or more must rank schools and allocate funds according to the directions below. These districts <u>must</u> also maintain separate budgets (internally) for each school served.
2.	If ranking is required, select low-income measure.	Measure may be: • The number of children ages 5-17 in poverty from the Census (not available by school). • The number of children eligible for free/reduced lunch or free milk. • The number of children in families enrolled in FAIM or other welfare. • The number of children eligible to receive Medicaid. • A composite of the above (must be weighted).
3.	Determine "eligible attendance areas."	Calculate the percentage of children from low-income families in the LEA as a whole. <u>Fill in totals and averages in boxes across in each box in the top row for columns b, c and d.</u> Eligible attendance areas are those in which the percentage of children from low-income families is at least as high as the percentage of the LEA as a whole. Exceptions: • Any school attendance area may be designated as eligible if at least 35 percent of the children are from low-income families. • An LEA may skip and not serve an eligible attendance area if: (1) the school meets the comparability requirements of Section 1120A(c); and (2) the school is receiving supplemental funds from other state or local sources that are spent for programs that meet the requirements of Title I and those funds are **at least the same** as would have come from Title I.
4.	Determine if all eligible schools can be funded.	**Set-Asides** The LEA must reserve sufficient funds to provide comparable services to children in local institutions for neglected children, if any, and, where appropriate, for homeless children not attending participating schools, and neglected and/or delinquent children in community day school programs, if any. Administrative funds for central office expenses related to Title I must also be reserved, if needed. (Indirect at the rate approved for the district by OPI can also be taken to cover some of these costs.) See page 4 for information on additional set-asides that may apply. **Use of Low-Income Measure** Funds must be allocated to eligible school attendance areas or eligible schools in rank order based on the total number of children from low-income families in each area or school. Feeder pattern data may be used for middle schools and high schools. **Attendance Areas Below 35 Percent Poverty Rate** When an LEA serves one or more schools with a poverty percentage less than 35 percent, the LEA must allocate to each funded school at least 125 percent of the per pupil amount of total funds received, based on the low-income measure selected by the LEA.
		If LEA's allocation is insufficient to fund all eligible attendance areas, go to Step 5.
5.	Determine eligible schools to fund.	**Schools Above 75 Percent Poverty Rate** The LEA first must allocate funds to eligible school attendance areas at or above 75 percent poverty rate in rank order regardless of grade span. **Remaining funds** If funds remain after serving all eligible school attendance areas at or above 75 percent, the LEA may rank the remaining eligible school attendance areas either districtwide or by grade span and then serve in rank order. If ranking remaining areas districtwide, the districtwide poverty average must be used. If ranking by grade span groupings, the LEA may use 1) the districtwide poverty average, or 2) the grade span poverty averages from the respective grade span groupings. If an LEA has no school attendance areas above 75 percent poverty, the LEAs may rank districtwide or by grade span groupings. **NOTE:** The district may continue to serve for one additional year an ineligible school that was eligible the previous year. Also, please designate amounts for services to private school students if any are participating.

2. Describe any high quality student academic assessments (if any) that are in addition to the statewide academic assessment system that the district will use for any of the following reasons:
   a. to determine the success of children served under this Title I, Part A in meeting state student academic achievement standards and to provide information to teachers, parents, and students on the progress being made toward meeting the State student academic achievement standards;
   b. to assist in diagnosis, teaching and learning in the classroom in ways that best enable low-achieving children served under Title I, Part A to meet State student achievement academic standards and do well in the local curriculum;
   c. to determine what revisions are needed to projects under Title I, Part A so that such children meet the State student academic achievement standards; and
   d. to identify effectively students who may be at risk for reading failure or who are having difficulty reading, through the use of screening, diagnostic, and classroom-based instructional reading assessments, as defined under Reading First.

   Note the academic assessments and indicators described in item 2 above and item 3 below shall not be used for any of the following:
   a. in lieu of the academic assessments required under section 1111(b)(3) and other State academic indicators under section 1111(b)(2) of NCLB; or
   b. to reduce the number of, or change which, schools would otherwise be subject to school improvement, corrective action, or restructuring under section 1116 of NCLB, if such additional assessments or indicators were not used but such assessments and indicators may be used to identify <u>additional</u> schools for school improvement or in need of corrective action or restructuring.

3. If the district wishes to add any "other indicators" to which it wishes to hold itself and its schools accountable for under AYP <u>in addition</u> to the indicators used by the state (attendance rate K-8 and graduation rate 9-12), describe the additional indicators.

4. Describe how the district will provide additional educational assistance to individual students assessed as needing help in meeting the State's challenging student academic achievement standards (e.g., What will constitute the Title I, Part A program assistance?)

5. Describe the strategy the district will use to coordinate programs under Title I, Part A with programs under Title II to provide professional development for teachers and principals, if appropriate, pupil services personnel, administrators, parents and other staff, including district level staff as required.

6. Describe how the district will coordinate and integrate services provided under Title I, Part A with other educational services at the district or individual school level such as
    a. Even Start, Head Start, Reading First, Early Reading First, and other preschool programs, including plans for the transition of participants in such programs to local elementary school programs; and
    b. Services for children with limited English proficiency, children with disabilities, migratory children, neglected or delinquent youth, Indian children served under Part A of Title VII, homeless children, and immigrant children in order to increase program effectiveness, eliminate duplication, and reduce fragmentation of the instructional program.

Prime Applicant District:_____   CO:_____   LE:_____

7. Describe how teachers, in consultation with parents, administrators, and pupil services personnel, in targeted assistance schools will identify the eligible children most in need of services.

8. Provide a general description of the nature of the programs to be conducted by schoolwide and targeted assistance schools and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

9. Describe how the local educational agency will ensure that migratory children and formerly migratory children who are eligible to receive services under Title I, Part A are selected to receive such services on the same basis as other children who are selected to receive services.

10. If appropriate, describe how the district will use funds under Title I, Part A to support preschool programs for children particularly children participating in Early Reading First, or in a Head Start or Even Start program, which services may be provided directly by the district or through a subcontract with the local Head Start agency designated by the Secretary of Health and Human Services under section 641 of the Head Start Act, or an agency operating an Even Start program, an Early Reading First program, or another comparable public early childhood development program.

Prime Applicant District:_____ CO:_____ LE:_____

11. Describe the actions the district will take to assist its low-achieving schools identified in need of improvement under Title I, Part A, if any.

12. Describe how the district will meet the requirements for highly qualified teachers and paraprofessionals contained in section 1119 of NCLB.

13. Describe the services the district will provide homeless children, including services provided with funds reserved on page 4.

14. Describe the strategy the district will use to implement effective parental involvement as required by section 1118 of NCLB.

15. Where appropriate, describe how the district will use funds under Title I, Part A to support after school (including before school and summer school) and school-year extension programs.

ESEA TITLE II, PART A INFORMATION

Purpose. The purpose of ESEA Title II, Part A is to **increase student achievement by:**
- Improving teacher and principal quality, and
- Increasing the number of highly qualified teachers and principals in schools.

Requirements for Title II, Part A Activities. Districts must use Title II, Part A funds to measurably raise student achievement, **particularly the achievement of low-performing students**. Applicants must show that the activities carried out under Title II, Part A are:
- Tied to challenging state and local standards, and
- Based upon a review of scientifically based research, and
- Have a substantial, measurable, and positive impact on student achievement.

All activities must be based upon:
- The Five-Year Comprehensive Education Plan data and goals,
- Scientifically researched practices,
- Disaggregated data, and
- Targeting the lowest performing schools, teachers, and students.

These activities must be used as part of a broader strategy to eliminate the achievement gap that separates the low-income and minority students from other students. Professional development activities must be coordinated with other federal, state, and local programs.

Non-supplanting Requirement. Expenditures must supplement, not supplant (replace) district funding responsibilities.

Serving Nonpublic Schools. Nonpublic schools, including home schools, must be invited to participate in the services of federal programs. Nonpublics may receive **only professional development** under Title II, Part A.

Professional Development Requirements. Districts must ensure the professional development needs of teachers and principals are met by including them, as well as parents, in needs assessment and planning. In addition to meeting the above criteria, professional development must be regularly evaluated for effectiveness, and must not be isolated one-day conferences or workshops. Training provided must be in the core content area taught and in teaching strategies that enable teachers to teach and address the needs of students with different distinct learning styles, improve student classroom behavior, and understand how to use data and assessments to improve classroom practice and student learning. Ongoing, sustained, intensive, high-quality professional development must be provided **to change classroom practice** to raise student achievement.

Local Needs Assessment Required. Each applicant district must conduct an assessment of local needs for professional development and hiring. Teachers, including Title I teachers, must be involved in the needs assessment and subsequent planning. The needs assessment must take into account activities that will give teachers subject matter and teaching skills and give principals instructional leadership skills to help teachers to help students meet challenging state and local achievement standards.

This needs assessment must take into account an analysis of the disaggregated data to identify students most likely to be at risk of not performing at proficient levels on measures aligned to state standards. This information is found in the district Five-Year Comprehensive Education Plan, Section A – Profile. See district disaggregated data at http://www.opi.state.mt.us/assessment/.

Coordinating with Titles I, Part A and Title II, Part D. Title II, Part A funds may be used to help paraprofessionals and teachers meet the Title I highly qualified requirements. Title II, Part A funds may be used to train teachers to **use technology to teach** the core academic subjects. **NOTE:** Title II, Part A **cannot** purchase technology, be used to train teachers in the general use of technology or software, nor to hire a technology coordinator.

PROPOSED ACTIVITIES

Applicants may make one or more of the following choices, depending upon baseline data.

I. **Professional development using scientifically based research and designed to increase student achievement. (See requirements on previous page.)**
    Will Title II, Part A funds be used for professional development?
    _____ Yes   (Complete this section.)   _____ No   (Leave this section blank.)
    If professional development will be provided, please check all that apply:
    _____ Professional development provided by district personnel.
    _____ Professional development provided outside the district.
    _____ Professional development provided during the workday.
    _____ Professional development provided outside the contacted time.

    A.   What long-term professional development goal(s) based upon your baseline data will you fund **with Title II, Part A and redirected funds?**

    _____

    _____

    B.   Allowable professional development activities will improve the knowledge of teachers and principals, and, in appropriate cases, paraprofessionals in the following six areas. Please select those that advance the long-term goal(s) listed above.

    1. Professional development in knowledge of the core academic subjects[1] that the teachers teach,
    2. Professional development in improving teaching practices (effective instructional strategies, methods, and skills) and the use of challenging state standards,
    3. Professional development in teaching and addressing the needs of students with different learning styles, particularly students with different learning needs (including gifted and talented) and students with limited English proficiency,
    4. Professional development in improving student behavior in the classroom and identifying early and appropriate interventions to help students described in (3) above learn,
    5. Professional development in involving parents in their child's education, and
    6. Professional development in understanding and using data and assessments to improve classroom practice and student learning.

Number(s) from above	Objective	Planned activities to increase student achievement

[1] Core academic subjects are English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography. [ESEA Title IX, Part A, Section 9101 Definitions, (11)]

ESEA Title II, Part A—Teacher and Principal Training and Recruiting Fund

Prime Applicant District:_____   CO:_____   LE:_____

II.   **Reduction of class size[2] to increase student achievement.**
Will Title II, Part A funds be used for class size reduction?
_____ Yes   (Complete this section.)   _____ No   (Leave this section blank.)

   A.   What long-term goal based on your baseline data will reducing class size help you achieve?
   _____
   _____

   B.   Based on this conclusion, use the chart below to show what classes will be reduced to increase student achievement.

Grade/subject to be reduced	Students/class without reduction	Students/class with reduction	Expected increase in student achievement

III.   **Retention of highly qualified teachers[3] and principals to increase student achievement.**
Will Title II, Part A funds be used for teacher retention?
_____ Yes   (Complete this section.)   _____ No   (Leave this section blank.)

Financial incentives must be tied to a **proven measurable record of success** in raising student achievement and <u>must continue</u> to measurably raise student achievement. This is to reward the unusually exemplary teacher who consistently over time increases the achievement of low-achieving and low-income students. Across-the-board salary increases are not allowed.

   A.   What data (information) do you have to show a need to retain this person(s)?
   _____
   _____

   B.   What long-term district goal will this retention help achieve?
   _____
   _____
   _____

   C.   Use the chart below to indicate how you plan to retain highly qualified teachers,[3] particularly in schools with a high percentage of low-achieving students. Some examples of retention strategies from the law are:
   1.   Teacher mentoring from exemplary teachers or administrators,
   2.   Support for teachers in their first three years of service,
   3.   Incentives, including financial incentives, to retain teachers who have a record of success in helping low-achieving students improve, and
   4.   Incentives, including financial incentives, to retain principals who have a record of improving the academic achievement of all students, but particularly students from economically disadvantaged families, students from minority groups, and students with disabilities.

Number(s) from above	Initials of Retainee	Position (grade, subject)	Years in District	School Free & Reduced Lunch % (if any)	% of students in this school below proficiency	
					Reading	Math

IV.   **Recruitment of highly qualified teachers[3] to increase student achievement.**
Will Title II, Part A funds be used for teacher recruitment?
_____ Yes   (Complete this section.)   _____ No   (Leave this section blank.)

   A.   What employment data shows that this position is difficult to fill?
   _____
   _____

   B.   What signing bonus or other incentive do you plan to offer? _____
   _____

   C.   How will you measure the increase in student achievement due to hiring this particular teacher?
   _____
   _____

---

[2]   Only highly qualified teachers may be hired, including special education teachers, to reduce class size, particularly in the early grades. [ESEA Title II, Part A, Section 2123 Local Uses of Funds, (a) (8)]
[3]   A highly qualified teacher at a minimum is certified and endorsed for the position to which assigned.

COLLABORATION

List the positions of your Title II, Part A planning team, keeping in mind that every school in the district and each core academic area must be represented. The minimum composition must be teachers (including Title I teachers), principals, administrators, other relevant school personnel, and parents. An existing committee such as the School Improvement Committee may be used as long as it meets the minimum composition listed above.

Number of teachers	From (List Each Core Academic Area)	Representing what percentage of staff in that core subject
Number of paraprofessionals	From (List each core academic area)	Representing what percentage of paraprofessionals in that core subject
Number of principals	From (List school grade level; e.g., K-8)	
Number of other relevant school personnel	From (e.g., librarian, counselor)	
Number of administrators other than principals	Position (superintendent, curriculum director, federal programs officer, etc.)	
Number of parents	From (list student grade levels)	
Number of other community members	Position (school board member, business person, etc.)	

SUSTAINABILITY

How do you plan to institutionalize your Title II, Part A activities? What models of ongoing, job-embedded professional development will your district use to support the implementation of specific instructional strategies and content information to ensure implementation at the local level?   (Check **ALL** that you plan to implement.)

ESEA Title II, Part D—Enhancing Education Through Technology (Ed Tech)

Application Completion Guidance

1. **Program Goal:** This is the primary goal of the Ed Tech program.

2. **Technology Plans:** Districts are required to align their local technology plans with elements specified in the enabling legislation. Those elements are detailed in the Common Assurances for Federal Programs that the district has signed.

   Check "Yes" to indicate that the local alignment has been completed.

   Check "No" if it has not. **NOTE:** A "Yes" indication is required before allocated funds can be released to the district.

3. **Children's Internet Protection Act (CIPA):** The enabling legislation requires that districts certify their compliance with this act before allocated funds can be released to the district.

   Select the statement that reflects the manner in which the district has complied with the CIPA requirements.

4. **Accountability Measures:** The enabling legislation requires that districts have implemented accountability measures to ensure that the activities funded with Ed Tech funding are effective in integrating technology into curricula and instruction, increase the ability of teachers to teach with technology, and enable students to meet challenging state standards.

   Many districts have incorporated the accountability measures into their technology plans and have included items such as:
   - Professional Development Evaluations,
   - Software and Hardware Evaluation tools and methods,
   - Surveys of teachers, administrators and students' skills [i.e., Taking A Good Look at Instructional Technology (TAGLIT), Golden Triangle Curriculum Cooperative Technology Survey, etc.], and
   - School Improvement goals and action plans (Five-Year Comprehensive Education Plan, etc.).

   Check "Yes" to indicate that the accountability measures have been completed.

   Check "No" if they have not been completed. **NOTE:** A "Yes" indication is required before allocated funds can be released to the district.

5. **Goals and Objectives:** This area remains the same with the exception of slight wording changes in the objectives. The changes were made to improve clarity and to align more closely with the data.

   As before, the objectives require one of two data sources:

   - Taking A Good Look at Instructional Technology (TAGLIT) (Objectives 1.1, 3.1, and 4.1), or
   - Technology Standards Self-Assessment for Teachers (Objectives 2.1, 2.2, and 2.3) (formerly known as the Eisenhower Teacher Self-Assessment and Professional Development Study).

   Select one objective that is the same as last year's selection.

   The baseline growth data need only be updated every other year. To check the status of your district's data, go to http://www.opi.state.mt.us/EDTech/ and open the "District Data Requirements for 2004-2005" document.

   See the Data Display Samples on page 24 of this document for assistance.

6. **Strategies to Meet the Objectives:** For the objective selected, choose from the available options all of the statements that apply to the strategies the district will employ to move toward the accomplishment of the objective selected. Then, allocate the budget for the professional development and other strategies related to accomplishing the objective.

   As a reminder, a minimum of 25 percent of the district allocation for the Ed Tech program must be for professional development related to the technology objective selected. The professional development section on page 25 must indicate a minimum of 25 percent of the total allocation for professional development.

   One hundred percent (100%) of the district's Ed Tech funds must be allocated in one of the budget categories found on page 25.

ESEA Title II, Part D—Enhancing Education Through Technology (Ed Tech)

Prime Applicant District:_____   CO:_____   LE:_____

Program Goal: The primary goal of the Ed Tech program is to improve **student academic achievement** through the use of technology in elementary and secondary schools. It is also designed to assist every student—regardless of race, ethnicity, income, geographical location, or disability—in becoming **technologically literate by the end of eighth grade**, and to encourage the effective integration of technology through professional development and curriculum development to promote **research-based instructional methods** that can be widely replicated. Source: Guidance on the Enhancing Education Through Technology (Ed Tech) program, U.S. Department of Education, March 11, 2002.

Technology Plan

☐ Yes ☐ No   District technology plan has been updated to include the required elements as stated in the Common Assurances for Federal Programs.

Children's Internet Protection Act (CIPA) (Check Only One)

☐ Yes   District receives E-Rate funding and has certified CIPA compliance to the E-Rate program,   **OR**

☐ Yes   District does not participate in the E-Rate program, however, hereby certifies that it is CIPA compliant,   **OR**

☐ Yes   District does not participate in the E-Rate program and the CIPA requirements do not apply because no funds are used to purchase computers used to access the Internet, or to pay the direct costs associated with accessing the Internet.

Accountability Measures

☐ Yes ☐ No   District has implemented accountability measures to ensure that activities funded under this part are effective in:
(1) integrating technology into curricula and instruction;
(2) increasing the ability of teachers to teach with technology; and
(3) enabling students to meet challenging state standards.

Goals and Objectives from the OPI Technology Plan
(Select **one** objective that is the same as last year's selection.)

Goal No. 1

Integrating Technology into Curriculum and Instruction: All Montana teachers will be effective and efficient integrators of technology into their curriculum and teaching.

☐ Yes   **Measurable Objective1.1:** One hundred percent (100%) of district teachers will rate themselves as a "3" or better as measured by the Teachers' Technology Use in Teaching and Learning section of the TAGLIT* by spring 2007.

Goal No. 2

Integrating Technology into Curriculum and Instruction: All Montana teachers will know, understand and be able to teach the content knowledge required by the Montana Technology Content and Performance Standards for students.

☐ Yes   **Measurable Objective 2.1:** One hundred percent (100%) of district teachers will know, understand and be able to teach the content knowledge required by the Montana Technology Content and Performance Standard 3—Students use a variety of technologies for Communication—by spring 2007 as measured by the Technology Standards Self-Assessment for Teachers,** standard 3.

☐ Yes   **Measurable Objective 2.2:** One hundred percent (100%) of district teachers will know, understand and be able to teach the content knowledge required by the Montana Technology Content and Performance Standard 6—Students apply technological abilities and knowledge to construct new personal understanding—by spring 2007 as measured by the Technology Standards Self-Assessment for Teachers,** standard 6 subsection.

☐ Yes   **Measurable Objective 2.3:** One hundred percent (100%) of district teachers will know, understand and be able to teach the content knowledge required by the Montana Technology Content and Performance Standard 2—Students use a variety of Technologies to Enhance Productivity—by spring 2007 as measured by the Technology Standards Self-Assessment for Teachers,** standard 2 subsection.

Goal No. 3

Increasing the Ability of Teachers to Teach: All Montana teachers and principals will be technologically proficient.

☐ Yes   **Measurable Objective 3.1:** One hundred percent (100%) of teachers will rate themselves as a "3" or better as measured by the Teachers' Technology Skills section (basic tools, multimedia tools, communication tools, research/problem-solving tools) of the TAGLIT* by spring 2007.

Goal No. 4

Enabling Students to Meet Challenging State Standards: All Montana students will be technologically proficient by eighth grade.

☐ Yes   **Measurable Objective 4.1:** One hundred percent (100%) of students will rate themselves as a "3" or better as measured by the Students' Technology Skills section (basic tools, multimedia tools, communication tools, research/problem-solving tools) of the TAGLIT* by spring 2007.

Strategies to Meet the Objectives / Budget Allocation Worksheet

For the objective selected, respond to the following options and delineate the budget as needed to progress toward meeting the objective. Ongoing, sustained, intensive, high-quality professional development must be provided to meet the objective utilizing a minimum of 25 percent of the district's funding under this title.

Professional Development Strategies and Expenses (related to accomplishing the selected objective)

Check all that apply:

- ☐ Professional development provided by district personnel
- ☐ Professional development provided outside the district (conferences, workshops, etc.)
- ☐ Professional development provided during the workday (in-service)
- ☐ Professional development provided outside the contracted time

Professional Development Budget Items (required to be a minimum of 25 percent of total budget)

Complete all that apply:

$_____ Salaries, stipends, etc.

$_____ Travel expenses for professional development

$_____ Conference registration fees

$_____ Contracted services, supplies and materials

Other Strategies and Expenses (related to accomplishing the selected objective)

Check all that apply:

- ☐ Salary for district level technology integration/support staff
- ☐ Purchase Supplies and Materials (technology curriculum integration)
- ☐ Purchase Software: (specify type)_____
     (Example: Reading support software, Math support software, typing program, etc.)
- ☐ Purchase Hardware: (specify)_____
     (Example: 1 computer for reading lab with printer, replacement monitor for math lab computer, etc.)

Other Strategies Budget Items

Complete all that apply:

$_____ Salaries (technology curriculum integration, technology support)

$_____ Contracted services, software and hardware

Total District Allocation:	**Total amount allocated above:** **(Must be the same as the total district allocation.)**	**Percent of total budget allocated for professional development:**

Permitted Activities and Allowable Use of Funds

Districts may use available SDFSC funds (Title IV, Part A, Section 4115) to develop, implement, and evaluate comprehensive programs and activities, which are coordinated with other school and community-based services and programs, and that are based on the **Principles of Effectiveness** that requires programs and activities to:

- be based on an assessment of objective data;
- be based on a set of performance measures that ensure schools have a safe, orderly, and drug-free learning environment;
- be based on scientifically based research that provides evidence that the activity used will reduce violence and illegal drug use;
- be based on analysis of data on the prevalence of risk factors and protective factors; and
- provide ongoing consultation with and input from parents in the development and administration of the activity.

Select the activities you intend to implement and indicate the percentage of funds that will be used for each activity. **Note: This form also serves as the Final Program Report for the district's 2003-04 program. Please indicate the percentage of funds dedicated to the following activities for that project year.**

Authorized Activity	Budget Limitations	2003-04 %	2004-05 %
GROUP 1 Activities Age appropriate and developmentally based activities or curricula that: • address consequences of violence and illegal drug use • promote individual responsibility • teach students that most people do not illegally use drugs • teach social and peer pressure skills to resist illegal drug use • teach about the dangers of drugs • engage students in the learning process • reinforce in the secondary schools the prevention activities initiated in elementary schools	**Not less than 60% of the awarded funds must be spent on Group 1 activities.**		
• involve families, community and drug/violence prevention providers to set clear expectations against violence and illegal use of drugs			
• dissemination of drug and violence prevention information to schools			
• training of school personnel, parents, and community members in prevention related to drug and violence prevention			
• community-wide planning			
• school-based mental health services related to drug use and violence			
• conflict resolution programs, peer mediation			
• alternate education services for violent or drug abusing students to reduce the need for suspension or expulsion or that serve students who have been suspended or expelled from regular educational settings			
• counseling, mentoring, referral services and other student assistance practices			
• programs to encourage students to seek advice from a trusted adult regarding drugs and violence			
• drug and violence prevention activities designed to reduce truancy			
• violence prevention and education programs that address prejudice and intolerance, respect the rights of others, and resolve conflicts without violence			
• testing of students for illegal drug use or inspecting student lockers for weapons or illegal drugs or drug paraphernalia (consistent with the Fourth Amendment to the U.S. Constitution)

Prohibited Activities and Prohibited Use of Funds
The federal Office of Management and Budget determines certain activities for which SDFSC funds may not be used. The following list is not exhaustive. Contact SDFS staff (Cathy Kendall, (406) 444-0829 or e-mail, cakendall@state.mt.us) prior to obligating funds for activities which are not allowable or which may be questionable:
• Construction
• Treatment
• Food and beve☐
• Costs of promotional items and memorabilia, including models, gifts, and souvenirs. Other items prohibited under this classification include awards, rewards, incentives, and clothing. (OMB Circular A-87)
• Any other activities that do not meet the Principles of Effectiveness or are not consistent with the intent and purpose of Title IV, Part A, SDFSC (Sec 4115).

Safe and Drug-Free Schools and Communities

Prime Applicant District:_____   CO:_____   LE:_____

Program Goal:	To help ensure that schools are safe, disciplined and drug-free by implementing high quality drug and violence prevention programs.

Objectives
(Check all applicable boxes)

- ☐ Provide age and developmentally appropriate activities that address illegal drug use and violence that comply with the **Principles of Effectiveness.**
- ☐ Acquire or implement school security measures.
- ☐ Hire school security personnel, including school resource officers.
- ☐ Administration
- ☐ Other
- ☐ Schoolwide programs
- ☐ Indirect costs

Desired Outcomes
(Check all applicable boxes)

Reduce the prevalence of risk factors identified in your needs assessment. Using the district's baseline data, indicate the percent of reduction that will occur in the 2004-05 school year.

% of Reduction

- ☐ Alcohol Use _____
- ☐ Tobacco Use _____
- ☐ Illegal Drugs _____
- ☐ Violence _____

Increase in the prevalence of protective factors. Indicate the percent of increase in the protection factors.

% of Increase

- ☐ Building a supportive learning community through: _____
  - challenging and engaging curriculum
  - opportunities for participation and service (involvement of families, students, school personnel and community)

Other

- ☐ Comprehensive and systematic plans for improving school climate, safety and discipline
- ☐ Security
- ☐ Staff Training
- ☐ Parent Education

What behaviors are you addressing, and how did you determine that they require attention? Provide specific information such as: number of school discipline reports for violence, the percent of students using illegal substances, numbers of "minor in possession" violations, etc.

Where did you get your data?
(Check all applicable boxes)

- ☐ Youth Risk Behavior Survey
- ☐ Prevention Needs Assessment

ESEA TITLE V, PART A INFORMATION

The projects and activities implemented must meet three statutory requirements:
- Tied to promoting challenging academic achievement standards,
- Used to improve student academic achievement, and
- Part of an overall education reform strategy.

Local Districts Must:
- Conduct a local needs assessment (see your Five-Year Comprehensive Education Plan),
- Consult with parents, teachers, and administrators, and other involved personnel (e.g., librarians or counselors) in the planning, design, and implementation of programs,
- Plan use of funds based upon identified needs,
- Provide equitable services to nonpublic schools within the district,
- Raise student achievement and/or the quality of education, and
- Provide a Title V, Part A Final Program Report.

Apply two tests to determine allowable costs:
- Expenditures must relate to student instruction and not to the management of classrooms, libraries, or offices, and
- Expenditures must supplement, not supplant (replace) any other federal, state, or local education funds.

Prime Applicant District:_____ CO:_____ LE (Elem or K-12) :_____
LE (High School) :_____

The Rural Education Initiative (REI) Subpart 2—Rural Low-Income Schools (RLI) allows eligible local education agencies to use funds allocated under this subpart for any of the following:

- Teacher recruitment and retention (Title II, Part A),
- Teacher professional development (Title II, Part A) or (Title II, Part D),
- Educational Technology (Title II, Part D),
- Parental involvement activities as appropriate to the titles,
- Title I, Part A,
- Title III—Language Instruction Activities, or
- Title IV, Part A—Safe and Drug-Free Schools and Communities.

Eligible local education agencies (LEAs) are those LEAs that:
- (a) are not eligible for Title VI, Part B, Subpart 1—Small Rural Schools program,
- (b) serve only schools that have a School Locale Code of 6, 7 or 8, and
- (c) have a poverty rate of at least 20 percent as determined by Census data.

1. **To determine district eligibility and review program information, access the spreadsheet and other information at http://www.opi.state.mt.us/RuralEd/Index.html - or check page 44 to determine if the district has an RLI allocation.**

2. **Is the district eligible to participate in the RLI program?**

   ☐ Yes   If you answered YES, go to question 3.

   ☐ No   If you answered NO, **stop**. Do not complete the rest of this form.

3. **Complete the Applicant's Intended Use of Funds table below by indicating what <u>percent</u> of allocated RLI funds will be used for the allowable activities.**

2004-2005
ESEA Title VI, Part A, Subpart 2
Transferability of Funds

District Name: _____

Legal Entity No. (Elem or K-12) _____
Legal Entity No. (High School) _____

Title VI, Part A, Subpart 2 provides a local education agency (LEA) the flexibility to redirect the use of a portion of its formula grant allocations for certain federal ESEA programs to supplement its formula grant allocation under certain other federal ESEA programs. An LEA can only redirect funds within its administrative unit and between programs in which the LEA participates.

<u>Note:</u>   **Districts eligible for Title VI, Part B, Small Rural Schools (SRS) stop here. Do not complete this form. For redirection of allocated funds, complete the SRS program page 43 in the consolidated application.**

Notes: **An LEA may not redirect the use of any of its Title I, Part A funds to any other title.**
An LEA that intends to redirect funds must conduct consultations with private school officials (as per Section 9501 of ESEA) if the proposed redirect of funds takes funds from a program that provides services to students, teachers or other educational personnel from private schools.

<u>Limits on Transferability of Funds—Percent of Funds</u>

An LEA that has not been identified as being in need of improvement under Title I, Part A or as being subject to corrective action under Title I, Part A may redirect the use of **up to 50 percent** of its formula allocation from any or all of the four listed programs to any of the five listed programs.

An LEA that has been identified as being in need of improvement under Title I may redirect the use of **up to 30 percent** of its formula allocation from any or all of the four listed programs to supplement its school improvement activities or for improvement activities under Title I Section 1116(c).

An LEA that has been identified as being subject to corrective action under Title I may not redirect the use of any funds.

<u>Transfer of Funds</u>

• In the following table, enter into the appropriate column the <u>percent of funds</u> you are redirecting from a title (those listed in the first column) to a different title (those listed in the first row).
• If you are redirecting funds, you must submit a Budget and Program Modification Request for Federal Programs form for each title from which you are redirecting funds.
• Use the Modification Request form to modify only the **programs** impacted by the redirection; you <u>do not</u> need to modify the budgets because you will fiscally account for the funds under the program <u>from which</u> the funds were originally allocated.
• You may describe the program changes on the Modification Request form or you may attach revised pages from your consolidated application to the Modification Request form.

April 2004

Dear ESEA Consolidated Application Authorized Representative:

The following contains the ESEA Consolidated Application information for Title I, Part A; Title II, Parts A and D; Title IV, Part A; Title V, Part A; and Title VI, Part B, Subparts 1 and 2.

Application Due Date and Allocation Information for Fiscal Year 2004-05
The completed application must be submitted to the Office of Public Instruction (OPI), no later than May 30, 2004. Allocation information for covered programs is provided online at http://www.opi.state. mt.us/FederalPrograms/Index.html. Allocations for all programs are based on preliminary information provided to the OPI by the U.S. Department of Education. Final information concerning state allocations is usually received in the OPI before July 1 of each year. It is possible district allocations may change following receipt of the final state allocations.

Fiscal Closeout Report, Budget/Program Modification and Cash Advance Request Forms
For your use during the 2004-05 school year, these forms are needed to administer the above listed programs:

1. Fiscal Closeout Report form (Due November 10)
   http://www.opi.state.mt.us/pdf/FEDPrgms/FsclClosout.pdf

2. Annual Budget and Program Modification Request form (Due June 1 for projects that end June 30, September 1 for projects that end September 30)
   http://www.opi.state.mt.us/pdf/FEDPrgms/BudModReq.pdf

3. Cash Advance Request form (This form must be received at the Office of Public Instruction by the 25th of the month PRECEDING the first month a cash advance is needed. The amount requested for a particular month will be sent on the 10thday of that month.)
   http://www.opi.state.mt.us/pdf/FEDPrgms/CashAdvReq.pdf

"It is our mission to advocate, communicate, educate and be accountable to those we serve."

Project Year
The project year for ESEA Titles I, Part A; II, Parts A and D; IV, Part A; V, Part A; and VI, Part B, Subparts 1 and 2 will be 15 months, beginning July 1, 2004, and ending September 30, 2005. This will allow districts ample time to expend project funds without requesting project extensions. However, the district may close the project earlier than September 30, 2005, and may submit Final Program Reports and Fiscal Closeout Reports before November 10, 2005.

Final Program Reports for the 2003-04 School Year
You will use these forms to report on the 2003-04 (current school year) programs. The ESEA Title II, Part A and Part D, and Title V, Part A final Program Reports will be sent to districts in May. There is no Final Program Report for ESEA Title IV, Safe and Drug-Free Schools and no Final Program Report for ESEA Title VI, Small, Rural School Achievement Program and Rural and Low-Income School Program. All Final Program Reports for the 2003-04 school year are due at the OPI no later than November 10, 2004.

Grant Files Required
The OPI policy requires the district business office to maintain a central file for each grant project, including a copy of the approved application, approved budget, award letter, and all other significant related correspondence. Please give a copy of every grant document to the district clerk to ensure compliance. (See OPI State and Federal Grants Handbook, section 400-11 for further information.)

Web Site Address
The OPI Web site address http://www.opi.state.mt.us/FederalPrograms/ will supply you with information for the current project year. The OPI State and Federal Grants Handbook is located at the above Web site.

Questions
The Office of Public Instruction staff join me in wishing you and your staff a successful school year. Please do not hesitate to contact us if we may assist you. You may also contact me by telephone, (406) 444-5541 or by e-mail, ncoopersmith@state.mt.us.
